

Pamoja International Cultural Exchange, Inc. Fundraising Campaigns

Our Vision: *“A world where people respect and have a better understanding of each other”*

Our Mission: *“To promote and inspire awareness of our connectedness”*

Pamoja International Cultural Exchange, Inc. (PICEI) is an organization that employs tried and true grassroots fundraising methods. Although we are eligible under the IRS code 501c3, we choose to fundraise through activities and events such as raffles, selling dinners, etc., as opposed to using taxpayer dollars in an attempt to bring the community closer together without burdening it economically.

We value every dollar given to help our mission; the annual publication “Connected” , projects/programs, Awards/Scholarships and community events as well. We at PICEI are committed to promoting love and a greater appreciation and understanding for one another by reducing “Fear of the Other”, through art, travel, food, or events. We focus on the commonalities of humankind we so often overlook. Your support provides PICEI the opportunity to support our youth, seniors and families. We do not have salaried employees; all of our work is done by volunteers.

“United, But Distinct”
